Dear Mr. Salahub,

After careful consideration, the editors conclude that *JELS* is unable to accept your thoughtful paper *Seen to Be Done: A Graphical Analysis of Peremptory Challenge*, for publication. We hasten to add that our inability to publish the paper is not based on the view that the paper lacks merit. However, given the robust literature in this general scholarly space across multiple international contexts, the editors found the manuscript's broader appeal and contribution sufficiently modest so as to limit its suitability for *JELS*.

We greatly appreciate the opportunity to consider your work, and hope you will keep *JELS* in mind for future scholarship.

Best Regards,
